## Revitalize Your Team!

Speaker: Elizabeth Barbour

- Know how your staff would like to be rewarded by being familiar with 5 languages of love: words of affirmation, physical touch, gifts, acts of service, quality time
- Communicating with storytelling to see what you have in common with your coworkers
- Improving your physical workspace with feng shui, a Chinese philosophy of organizing your environment to create positive energy – things like lighting, private offices, plants, windows, flexibility of working from home, better phone systems, mini bar, etc.
